GOOD DESIGN AWARDS

THE ANNUAL GOOD DESIGN AWARDS IS AUSTRALIA'S MOST PRESTIGIOUS AWARDS FOR DESIGN AND INNOVATION.

Discontent with making purely functional products, we aim to set the benchmark for both technological innovation and inspirational design of everyday items, boosting the profile of modern electrical systems within both the Trade and Consumer sectors.

We were awarded for:

- Our Plexo3 Weatherproof Electrical Enclosures in 2017
- Our Wireless Charging Solutions in 2018
- Our Excel VIVO Switches and Sockets in 2018
- Our Arteor with Netatmo Smart Home in 2019
- Living Now in 2022

The event celebrates outstanding new products and services on the market, excellence in architectural design, and rewards emerging areas of design including business model innovation, social impact and design entrepreneurship.

WIRING DEVICES FOR RESIDENTIAL AND COMMERCIAL APPLICATIONS

Excel Life is a comprehensive range of switches & sockets for residential and commercial installations. With innovations such as illumination rings, integrated USB ports and electronic push-button switches, our range exemplifies Everyday Excellence. With its choice of customisable LED colours, powerpoints with internal safety shutters as well as surge protection Excel Life brings excellences in all applications.

Excel Life ORIGINAL

OUTSHINE WITH MATT!

Performance and aesthetic combine to create the Excel Life Matt range of wiring devices. Featuring a luxurious matt texture, they not only look striking, but the matt finish makes them easier to clean and maintain. Complement matt surfaces, tapware or appliances to create a designer finish, or be bold and add contrast.

SMARTER THAN YOUR **AVERAGE**

SWITCH!

Excel Life Smart is a collection of smart wiring devices second to none. Combining local design and engineering with worldclass smart home technology by Netatmo, this collection of switches and powerpoints blends seamlessly with existing Excel Life installations with the added convenience of full home control using a wall switch, smart phone or voice via a digital assistant.

STUNNINGLY SLIM

LINEA

If you need beautifully slim switches and sockets, then Linea's unrivalled 4.2mm sleek profile is the answer. Seamlessly blending into any surface, the range features a selection of finishes to suit every interior. With over a hundred electrical functions, Linea offers a stunning solution to your profile.

AN AWARD-WINNING ICON

A Good Design Award Winner 2022, Living Now is a timeless icon that combines the linearity of a unique design with the simplicity of smart technology. The Living Now range features full touch keys which can be turned on or off by pressing any point on the key's surface, after being pressed the switches return to their original flush position. Experience the opulence the Living Now range offers. With 12 luxurious cover plates to choose from, made from a range of designer materials including techno polymer metal and wood.

SMART INNOVATION MEETS ELEGANCE

Living Now with Netatmo is a smart system, designed to suit all homes. It allows you to control all the lights, shutters, and sockets in your home with a single click, voice command or via the Home+Control app on your smartphone. For added convenience, Living Now with Netatmo is also compatible with Apple Homekit, Google Assistant, and Amazon Alexa.

WIRING DEVICES FOR RESIDENTIAL & COMMERCIAL **AUTOMATION SYSTEMS**

For lovers of luxury design, look no further than the exquisite Arteor collection. Featuring light switches, dimmers, USB sockets and a range of audio visual and data accessories, the collection enhances modern interiors. Arteor combines original materials, stunning finishes and new technologies to create a collection perfectly in sync for the design conscious and technologically advance.

THE SMART **WIRELESS SOLUTION**

Arteor with Netatmo is a collection of smart switches and sockets allowing for control of lights, appliances, blinds/shutters from anywhere using a smart device or by voice control. Thanks to it's intuitive app (Legrand Home + Control), the homeowner can check the status of electrical devices, power individual appliances, receive push button notifications, set up multi scenarios and receive energy consumption reports. A solution designed to be simple to plan, install and use Arteor with Netatmo makes having a smart home easy.

SLEEK & **ROBUST**

With its contemporary design and ability to sustain the harsh Australian climate. Aqua Life is the best choice for outdoor switches and sockets applications. Constructed from only quality materials, Aqua Life features reinforced sliders for smooth operation and IP ratings up to IP66. With its sleek look and easy installation, Aqua Life meets the needs of homeowners and electricians alike.

IMPACT RESISTANT PROTECTION AGAINST

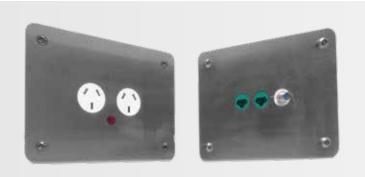

VANDALISM

Legrand's Excel Life Extra Security series is a comprehensive range of switches and sockets dedicated to high traffic environments such as detention centres and correctional facilities. Designed and manufactured in Australia, the range enhances safety, durability and protection. Our quality coverplates are not only durable but prevent intentional and unintentional harm to self and others with flexibility in variations to suit all applications.

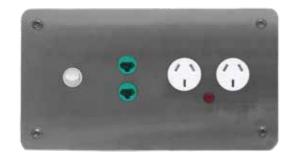

COMPLETE HOTEL **SOLUTIONS**

From simple stand-alone wiring devices solutions like keycard room activation, light switches and sockets in refined finishes, to automation solutions enabling virtual keycard, scenarios and communication with Hotel BMS and PMS or integration with access control systems, Legrand helps improve user guest room experience, hotel staff efficiency and energy savings

ADVANCED MEDICAL RANGE

A finalist in the 2015 Good
Design Awards, Excel Life
Medical featuring antimicrobial
technology helps reduce
the spread of bacteria
in hospitals and other health
care environments, leading
to enhanced patient care.
From colour-coded powerpoints,
to power indicators and
heavy duty panels, Excel Life
Medical gives you the power
to fit-off every detail required
for hospitals, laboratories,
surgeries, clinics and more.

SOLUTIONS FOR EXPOSED OR UNSUPERVISED ENVIRONMENTS

Soliroc IP55 weatherproof switches and sockets are the premium choice for exposed environments such as sports and entertainment venues, public facilities, shopping centres and schools. Vandal-proof, thanks to their IK10 and tamper-proof screws, they are resistant to graffiti and lighter flames. Not only is Soliroc robust and impossible to pull-off with bare hands, its also stylish – a perfect complement to architecturally designed environments.

DEVELOPING HIGH **ENVIRONMENTAL** PERFORMANCE **PRODUCTS**

The Legrand Group is committed to building a company with people and communities at its heart. We promote ethical and transparent business practises, continuously refine manufacturing and supply processes to reduce environmental impact and develop products using the latest energy-efficiency research and technology. Our energy monitoring systems help customers control their energy usage more effectively by providing clear, visual displays of energy consumption; an aware user is one that saves.

Environmental Profile

CORPORATE SOCIAL RESPONSIBILITY (CSR) **ROADMAP 2022-2024**

Our 15 priorities for 2024

Indirect CO ₂ emissions (scope 3) Reduce downstream transportation emissions by 3.5% yearly Indirect CO ₂ emissions (scope 3) Reduce product weight by 2% in average on all new ranges and redesign ranges of products Circular Economy Circular business models Experiment 1 project of circular business model Sustainable materials Percentage of recycled or renewable materials in our consumption: 12.5% plastics and 30% metals Single Use Plastic Reduction percentage of flow pack and PSE packaging weight purchase compared to 2021 baseline.
